### Discount Rules for Classes Billed by Tuition Fee

Tuition Discount Rules define multi -class and/or multi-student discounts and are assigned to classes on the class summary page. Once a rule is assigned to a class, the class will use that rule's discounts in Post Tuition Fees and Web Registration. To assign rules to many classes at once, use the [Edit All Classes Tool](#).

Status indicates whether or not a rule has been assigned to classes.

Manage your current rules.

You cannot delete a rule that has been assigned to classes.

From this screen you are able to preview, edit, copy, or delete your current rules.

## Preview

Click the **Eye** icon to see an example of how your tuition fee will be discounted according to the rule. The *Enter a Tuition Fee* field defaults to \$100 but you can change that amount to the actual amount of your class tuition for the illustration.

Student 6+	10%	90.00	85.00	85.00	85.00	80.00	75.00

You can look at the effect on your tuition fee when both types of discounts (Multi-Class & Multi-Student) are given in a *Combo* type discount rule or you can look at each discount type separately using the *Both*, *Multi-Class*, and *Multi-Student* tabs.

## Edit

Use the **Pencil** icon to edit a current rule. On the *Edit Discount Rule* page you can rename the rule and/or change components of the Multi-Class or Multi-Student discounts.

You have the option to preview the rule before saving your edits.

## Copy

Quickly create a new Discount Rule by copying the settings from a current Discount Rule with the **Copy (pages)** icon. Give the new rule a name, make any necessary changes to the discount settings, and Save Changes.

## Delete

Click the **Trash Can** icon to delete a Discount Rule. You cannot delete a Discount Rule that has been **assigned to classes** in your database. Before you can delete a rule with the status of *Assigned* you will need to edit the classes that have that Discount Rule assigned and change them to a different rule. The quickest way to do this is using *Edit All Classes* from the *Classes* menu. Use the search criteria to bring up only classes with the Tuition Discount Rule you want to delete. In the report results you can use the Global Change area (highlighted yellow) to change the Discount Rule for all of the classes at once.
