User Permissions Required for the Store

There are seven **store** related user permissions. The first six automatically default to *Yes* for all Users. The *View Item Cost in List Items* permission automatically defaults to *No*.

Go to **Tools** > **Manage Users & Permissions** > **User IDs** (click on a UserID) >**User Permissions** (left) to set the permissions.
Note: *After changing the permissions, you'll need to logout and log back in for the permissions to take effect.*

These are the permissions related to the Store:
