

User Permissions for Mass Drop All Classes

Last Modified on 11/03/2020 12:34 am EST

There are several User Permissions that control the ability to **Mass Drop All Classes** from a *Student* record or a *Family* record.

Go to **Tools > Manage Users & Permissions > User IDs** (click on a UserID) > **User Permissions** (left) to set these permissions.

Note: *If a User is logged in when changes are made to their permissions, they'll have to log out and then back in before the changes will take effect.*
