

Require Payment in the Parent Portal

Last Modified on 12/05/2023 4:40 pm EST

Jackrabbit gives you the option to require payment when parents enroll students in classes or events in the Parent Portal. Like purchasing an item online, the enrollment will not be complete until payment is successfully processed. This can help eliminate late payments and calls from parents while saving you time!

- ★ Require payment for new enrollments
- ★ Ensure payment to secure enrollment
- ★ Process payments during the enrollment process
